

Let's talk about Gallery Home's *REPUTATION.*

“**W**e met with several builders before selecting Gallery Homes. With Gallery, we were able to maximize our budget dollars without sacrificing any quality or workmanship.

Being first-time home builders we had a lot of questions, Jamey took the time to talk us through the process. He was patient, and he made sure our questions were answered. He was very accessible and always prompt with returning phone calls.

Gallery Homes did a wonderful job of turning our customized home plans into reality. We were in our home on schedule, but our relationship with Jamey didn't end there. He did a great job on the follow through, and the finished product exceeded our expectations.

Gallery Homes made our first home building experience a great one. We trust and respect Jamey's building expertise, and should we decide to build again, without question, we'd go back to Gallery Homes.”
